

ROLLER SHUTTERS & GARAGE DOORS

Here at Tieche, we are constantly searching for new ways to improve and develop our technologies, not just copying suite. We don't follow trends, rather we listen to you, our customer, so we can learn and develop products that help you better.

We strive for quality. Developing and manufacturing the highest quality products to ensure reliability. Something which is reflected by our long, one for one, replacement warranties.

Up to 40% Energy Savings on

**Heating & Cooling Security / Peace of Mind
Insulating Qualities**

Noise Reduction

Light Control

Internal Controls

Airflow Controls

Roller Door & Sectional Door Automation

Special offer: Motorised Roller Shutters & Garage Doors:

Together with your mounted switch, our electric systems come standard with group controllers: these give you the ability to control every roller shutter in the house together, or independently with one ergonomic and user friendly remote.
